## **Bis Announces New Premium Website Hosting Packages To Enhance Customer Support**

**Robertsdale, AL (December 12, 2016)** – BIS Designs, experienced web design and digital marketing firm on the Gulf Coast, launches new premium website hosting packages to assist clients with website edits. This will allow businesses the option of having the BIS Designs team make necessary updates to their website as needed.

Businesses will now have an option to receive unlimited website support and maintenance including updates to website content and adding/deleting/managing website pages. For organizations with a lesser demand, there are other options available such as packages with six or twelve hours of website edits per year.

In addition to the above features, every package will receive reliable hosting and security maintenance of their current website.

Phillip Long, CEO of BIS Designs, stated, “We’re excited to be able to offer this to our clients. Now, we’ll be able to better meet the needs of our busy and growing clients.”

To learn more about BIS Designs, call 251.410.7601 or visit [www.askbisdesigns.com](http://www.askbisdesigns.com).
