Beck Partners Makes Top 100 Best Companies List

Putting Small Businesses in Pensacola on the Map!

PENSACOLA, FL. (July 20, 2017) — Beck Partners was recently named one of Florida's *Best Companies To Work For*.

"We are in this business to connect people together, grow their business and protect their most valuable assets. Our people are fearless innovators in the office and in the community, that continually drive each other to keep growing and evolving. Culture is something we have because of our awesome people that we actively seek when adding to our team of professionals. We are especially honored to be representing Pensacola in this list and the recognition as a great workplace," says Justin Beck, CEO of Beck Partners.

The annual Best Companies list is featured in the August issue of *Florida Trend* magazine. One-hundred companies are ranked in small, medium and large employer categories.

To participate, companies or government entities had to employ at least 15 workers in Florida and have been in operation at least one year. Companies that chose to participate underwent an evaluation of their workplace policies, practices, philosophy, systems and demographics. The process also included a survey to measure employee satisfaction. The combined scores determined the top companies and the final ranking.

"What's clear from our list is that amenities like free lunch or a game room at the workplace are not the things that make a great workplace. Those amenities are just part of the way companies reflect their cultures — it's the culture of the company and the company's ability to hire people who understand and embody the culture that create a great workplace," says Executive Editor Mark Howard.

"The best companies obviously provide strong pay and benefits to their employees, but they also offer fun diversions such as ice cream socials, holiday parties and field days," says Florida Trend Publisher Andy Corty, "And these top companies encourage employees to participate in the organization's overall success with training and open communications."

The *Best Companies To Work For In Florida* program was created by *Florida Trend* and Best Companies Group and is endorsed by the HR Florida State Council. Best Companies Group managed the registration,

survey and analysis and determined the final rankings. For a list of the 100 *Best Companies To Work For In Florida*, go to www.FloridaTrend.com/BestCompanies.
