MEDICAL CENTER CLINIC CONGRATULATES DON DEWEY, MD

PENSACOLA, FL, February 13, 2017: Medical Center Clinic congratulates Don Dewey, MD, for being recognized as the 2016 Bell-Shippey We Care Doctor of the Year.

Dr. Dewey is a participating physician in the We Care program, a service chartered by the Escambia County Medical Society Foundation. In 1992, the Escambia We Care program was founded to meet the specialty medical needs of uninsured community residents. Local physicians, hospitals, and ancillary service providers work together to donate their services to the medically needy under the We Care program. The Florida Department of Health in Escambia County operates the local chapter of We Care, and has facilitated the care of thousands of Escambia County residents to receive specialty care referrals.

John Lanza, MD, PhD, the Director and Health Officer at the Florida Department of Health in Escambia County recognizes Dr. Dewey on his award, "In 2016, Dr. Dewey provided 121 treatments to patients that totaled over \$41,000 in contributed care. Dr. Dewey's passionate provision of services to indigent citizens serves as a model for all specialty physicians in Escambia County."

Don Dewey, MD, is an orthopaedic surgeon, specializing in general orthopaedics for adult and pediatric patients, with special interest in total joint reconstruction and comprehensive surgical and non-surgical foot and ankle care. Dr. Dewey's philanthropic efforts have also extended internationally where he participated on a medical mission trip to provide aid and medical care in Ukraine.

For more information on Don Dewey, MD, please visit MedicalCenterClinic.com, or call The Department of Orthopaedics at 850.474.8300.
