## Montessori Education Overviews

PENSACOLA, FL-

Montessori School of Pensacola is offering two free events open to the public. These overview events will give attendees a look into Montessori education. Montessori education offers a unique educational experience designed to help a child maximize his/her potential in an environment designed to meet his/her unique developmental needs. Attendees will see the special Montessori hands-on materials and meet Montessori trained teachers, while they visit different classrooms at MSP.

The first overview will focus on math. Montessori math instruction is very hands-on, so the event will allow those attending to see how math is taught from Early Childhood through Middle School. This event is **September 16<sup>th</sup> from 9am-12pm** and will be held at the 4100 Montessori Drive Campus. Registration is available through the MSP Facebook Events page.

The second overview explores language instruction, which includes reading, writing, penmanship, grammar, and foreign language. This event will take place **September 30<sup>th</sup> from 9am-12pm** at the MSP 4100 Montessori Drive Campus. There is a Facebook Event page link on the MSP Facebook page.
