### **Ob/Gyn Joins Medical Staff at Santa Rosa Medical Center**

**Milton, FL** – Tayisha Vilceus, MD, a physician specializing in obstetrics and gynecology, recently joined the medical staff at Santa Rosa Medical Center in Milton.

Dr. Vilceus received her medical degree from Augusta University Medical College of Georgia after earning an undergraduate degree in Biology from Georgia State University in Atlanta. She completed residency training in obstetrics & gynecology at Memorial Health Medical Center in Savannah, Ga. where she was trained in minimally-invasive gynecologic surgery.

Dr. Vilceus has a special interest in general obstetrics and gynecology and minimally-invasive gynecologic procedures. Dr. Vilceus says, “ I love the diversity of being an Ob/Gyn - from thinking through medical conditions, to surgery and, of course, ushering new life into this world. I enjoy educating my patients about their own bodies so that they also hold the key to their health.” She feels that becoming a physician has been a calling in her life from an early age; her initial curiosity of how the body works grew into a desire to help people and make a difference in their lives.

Dr. Vilceus joins the Santa Rosa Medical Group Ob/Gyn practice of Michael Barber, MD in Milton located at 6072 Doctors Park Road. The office is open Monday through Thursday from 8 am to 5 pm and on Fridays from 8 am to 12 pm. Same- and next-day appointments are often available with Dr. Vilceus by calling (850) 626-5447.

### **About Santa Rosa Medical Center**

Santa Rosa Medical Center is a full-service, 129-bed hospital located on Berryhill Road in Milton, Fla. that is quickly and easily reached from all points in Santa Rosa County. Our mission is to provide America’s best local healthcare. With 400 associates and volunteers and more than 100 physicians on staff, Santa Rosa Medical Center is well-equipped to meet all of your healthcare needs. For the fifth consecutive year, the hospital has been named a “Top Performer on Key Quality Measures” by The Joint Commission for exemplary performance in pneumonia and surgical care and has also received an A-rating for quality by a leading healthcare ratings organization for three consecutive years. The physicians of Santa Rosa Medical Group provide family medicine, internal medicine, obstetrics & gynecology, neurology, pulmonology, pediatrics, orthopedics, and general surgery in Milton, Pace and Navarre; a walk-in care clinic is located in Pace.
