## **Free Cyber Safety & Security Seminar for Business Owners and Managers Featuring Local Panel of Experts**

PENSACOLA, Fla. (September 19, 2016) – Cyber security continues to be a growing threat faced by businesses and individuals today. Summit Bank has assembled a panel of experts to share insights into how to mitigate the risk of cyber attacks. These local experts have the experience and knowledge to protect you and the financial, insurance, legal and technology aspects of your business. Join us for this free panel presentation and see a real demonstration hack illustrating how cyber criminals operate and how to be better informed and prepared. **Register at [cyber.saltmarshcpa.com](http://cyber.saltmarshcpa.com).**
