Exhibit April 6 – May 4, 2016

Paula Preston Turner is a Fine Art Photography student at Pensacola State College and is set to graduate May 2016. She holds a BA degree in Business at Faulkner University. She is a recipient of three scholarship awards from the PSC Student Honors Art Exhibition. She was awarded a solo show at Jaco's Bar and Grille in Pensacola, Florida. Her technical skills include black and white and color darkroom printing techniques in film and digital media. Paula's love of nature is expressed in her fine art lumen prints; a cameraless process dating back to the 1800's. While traveling rural backroads she has discovered derelict time capsules filled with dust covered objects, which allows her photography to resonate with stories from the past.
