### **Economics column by Haas Center Director Zach Jenkins**

*Data suggest foster children being placed in homes with greater resources*

**Pensacola, Fla. – May 25, 2016** – In a new column, Zach Jenkins, director of the Haas Center at the University of West Florida, discusses trends in the foster care system, including that in recent years, more children have been placed in middle- and upper-income homes. His article can be accessed through the [UWF Center for Research and Economic Opportunity website](#).

**About the [Haas Center](#):** A research and consulting arm of UWF, the Haas Center engages in applied research and strategy developments in economics and across the social sciences. The Haas Center has played a prominent role in economic development efforts across the Northwest Florida region and around the state for the past two decades.

**About [CREO](#):** Founded in 2015, the UWF Center for Research and Economic Opportunity fosters excellence in economic growth and knowledge creation. CREO's activities include providing resources for research initiatives and capacity building, creating partnerships with industry and the community, promoting educational activities and supporting sustainable development. CREO oversees the Haas Center, the UWF Office of Economic Development and Engagement and the UWF Office of Research and Sponsored Programs. In addition, CREO hosts the state director's office of the Florida SBDC Network.

**About the [University of West Florida](#):** Founded in 1963, the University of West Florida is a vibrant, distinctive institution of higher learning with undergraduate, graduate and targeted research programs. With multiple locations in Northwest Florida, the University serves a student population of more than 12,000. Dedicated to helping students realize their full potential, UWF favors small class sizes with quality teacher-scholars who deliver personalized, innovative, hands-on learning and leadership opportunities.
