

EPILEPSY - TOGETHER WE ARE OVERCOMING THE STIGMA ONE STEP AT A TIME!

As a supporter of the Epilepsy Foundation of Florida we are pleased to let you know that our recent 2nd Annual Walk the Talk for Epilepsy inside the Blue Wahoos stadium was a huge success! Over 300 walkers learned more about epilepsy, basic seizure first aid and showed their support for their family members, colleagues and friends who have epilepsy.

Through the generosity of friends such as you, the Epilepsy Resource Center provides comprehensive case management and much-needed services to our clients. We will continue to conduct educational presentations within the community to help alleviate the stigma of epilepsy. Statistically 2.5% of the population has epilepsy. Epilepsy does not discriminate and 1 in 26 persons will receive a diagnosis of epilepsy in their lifetime.

Your continued support of the Epilepsy Resource Center is critical and is needed now more than ever. As the community learns more about us, we need to respond to the growing numbers of clients. Offering clients and families a "hand up" as they navigate their epilepsy lets them know they are not alone.

The stigma and misunderstanding about epilepsy continues to hinder our community. If you know of an individual or group who might have an interest in learning more about epilepsy and the services we offer at the Resource Center please let us know.

Please consider making a financial gift to the Resource Center. We invite you to come visit our Center and see the wonderful work which is being done because of the support of people such as you. **Making our community stronger takes collaboration and we are in this together.**

On behalf of those we serve, thank you.

Quint Studer
President, ERC Advisory Board
