

Each year [DepositAccounts.com](http://DepositAccounts.com) evaluates the financial health of every federally insured credit union in the United States – more than 6,000 total. Each institution is graded on a number of factors, including capitalization, deposit growth, and loan to reserve ratios, in order to determine a comprehensive health score.

From the list of 6,003 credit unions, DepositAccounts.com recognizes those who have shown exceptional fiduciary responsibility in its 2016 edition of the **Top 200 Healthiest Credit Unions in America...**
