

Want to have your own Podcast but not sure how? Would you like step by step hands on personal instruction?

Podcast listenership continues to grow tremendously every year. According to the [Washington Post](#), in just the last 5 years, the average number of unique monthly podcast listeners has tripled to 75 million. Additionally, 33% of [people surveyed by Edison Research](#) have listened to a podcast, which is up from 23% five years ago. What this means for you as a business owner is that podcasting is a content format you should

- Full Support and Step by Step Personal Guidance by Keith Hoffert from Business Radio X Studios in Pensacola one of the 17 Business Radio X Studios (the largest on demand business radio network)
- How To Manual - step by step documentation from start to finish,

start considering to reach this growing audience to help grow your business.

including all the links and sites that are needed for start up
