## **Sacred Heart Presents its Annual Bariatric Fashion Show**

PENSACOLA, Fla. – Please join Sacred Heart Surgical Weight Loss Center in celebrating the weight-loss success of its post-surgical patients at Sacred Heart’s annual Bariatric Fashion Show. The event is Monday, August 1, at 6 p.m. in the Greenhut Auditorium at Sacred Heart Hospital Pensacola.

Instead of flaunting trendy fashions, the 20 patients-turned-models will show off their stunning weight-loss transformations as they are compared to “before” photos. The models will be living proof of the benefits of weight-loss surgery as they share how their health and quality of life has improved.

The show is hosted by bariatric surgeon Dr. Jeffrey Lord, and it is free and open to the public.

Sacred Heart Hospital in Pensacola’s award-winning Surgical Weight Loss Center has been ranked as No. 1 in Florida for clinical excellence in bariatric surgery for several years by a leading independent healthcare ratings organization.
