AppRiver One of *Inc.*'s 5000 Fastest Growing Private Companies in America for Tenth Consecutive Year
Only Florida IT Services Firm to Achieve 10 Years in a Row; One of 12 Nationwide.

THURSDAY, AUGUST 18th, 2016— For the tenth time in a row, [AppRiver](#) has made *Inc.*'s 5000 fastest growing private companies list, which presents a unique look at the most successful companies within the American economy's most dynamic segment—its independent businesses.

"The *Inc.* 5000 list stands out where it really counts," says *Inc.* President and Editor-In-Chief Eric Schurenberg. "It honors real achievement by a founder or a team of them. No one makes the *Inc.* 5000 without building something great – usually from scratch. That's one of the hardest things to do in business, as every company founder knows. But without it, free enterprise fails."

The *Inc.* 5000 are determined by their growth rate over a three-year period. With a growth rate of 65 percent, AppRiver, which ranked 4204 on this year's list, joins a small, elite group of other fast-growing U.S. companies that have been consistently recognized by *Inc.* magazine. AppRiver is the only IT service company in Florida to be included at least ten times in the list's 35-year history, and one of only 12 IT service companies ever to achieve that milestone.

"Based on the criteria, making the *Inc.* 5000 list becomes more challenging with each year that passes," said Michael Murdoch, CEO and president, AppRiver. "That's why winning for ten consecutive years is such an honor. We owe our successful record to the employees of AppRiver and their dedication to develop industry-best products, along with a customer care program that is second-to-none."

Earlier in 2016, AppRiver also was honored with a few other awards in its industry:

- Redmond Channel Partner's Top 200 Microsoft Partners in the US
- MSPmentor Top 501 Global Managed Service Providers (ranked 27th)
- 2016 SMB TechFest Best Channel Program
- 2016 CRN Security 100: Coolest Web and Application Security Vendor

The 2016 *Inc.* 5000 is the most competitive crop in the list's history. The average company on the list achieved a mind-boggling three-year growth of 433 percent. The *Inc.* 5000's aggregate revenue is \$200 billion, and the companies on the list collectively generated 640,000 jobs over the past three years, or about 8 percent of all jobs created in the entire economy during that period. Complete results of the *Inc.* 5000 can be found at www.inc.com/inc5000.

About AppRiver

AppRiver offers cloud-based cybersecurity and productivity services to 53,000 companies worldwide, with more than 10 million mailboxes under its protection. Launched in 2002 as a spam and virus filtering company, AppRiver has since added Web malware protection, email encryption, secure archiving and email continuity to its suite of security services. The company is also among the world's top providers of Office 365 and Secure Hosted Exchange. All services are offered on a pay-as-you-use basis with a free, fully supported 30-day trial and 24/7 US-based Phenomenal Care™ customer service. Easy, effective and affordable solutions – backed by white-glove customer care – have enabled the company to maintain an annual 93-percent customer retention rate. AppRiver is headquartered in Florida and maintains offices in Georgia, Texas, New York, Switzerland and Spain.
